JUNE NEWSLETTER

Celebrating Growth, Innovation & YOU

Hello,

Welcome to the June 2025 edition of the SalezShark newsletter. Whether you're reading this on your coffee break or between calls, we're glad you're here — because there's a lot brewing this month (and it's not just the summer heat!).

Founder's Day Recap: From 5 to 50, and 100 Clients in 3 Months!

This month, we celebrated something close to our hearts: SalezShark Founder's Day. What started as five passionate sales nerds with a dream (and limited coffee supply) has now grown into a 50+ strong team of dreamers, doers, and CRM champions.

And the cherry on top? We hit our first 100 clients in just 3 months back in the early days. We laughed, we hustled, and yes, thanks to you — our users, partners, and cheerleaders — we've come this far. Here's to many more milestones!

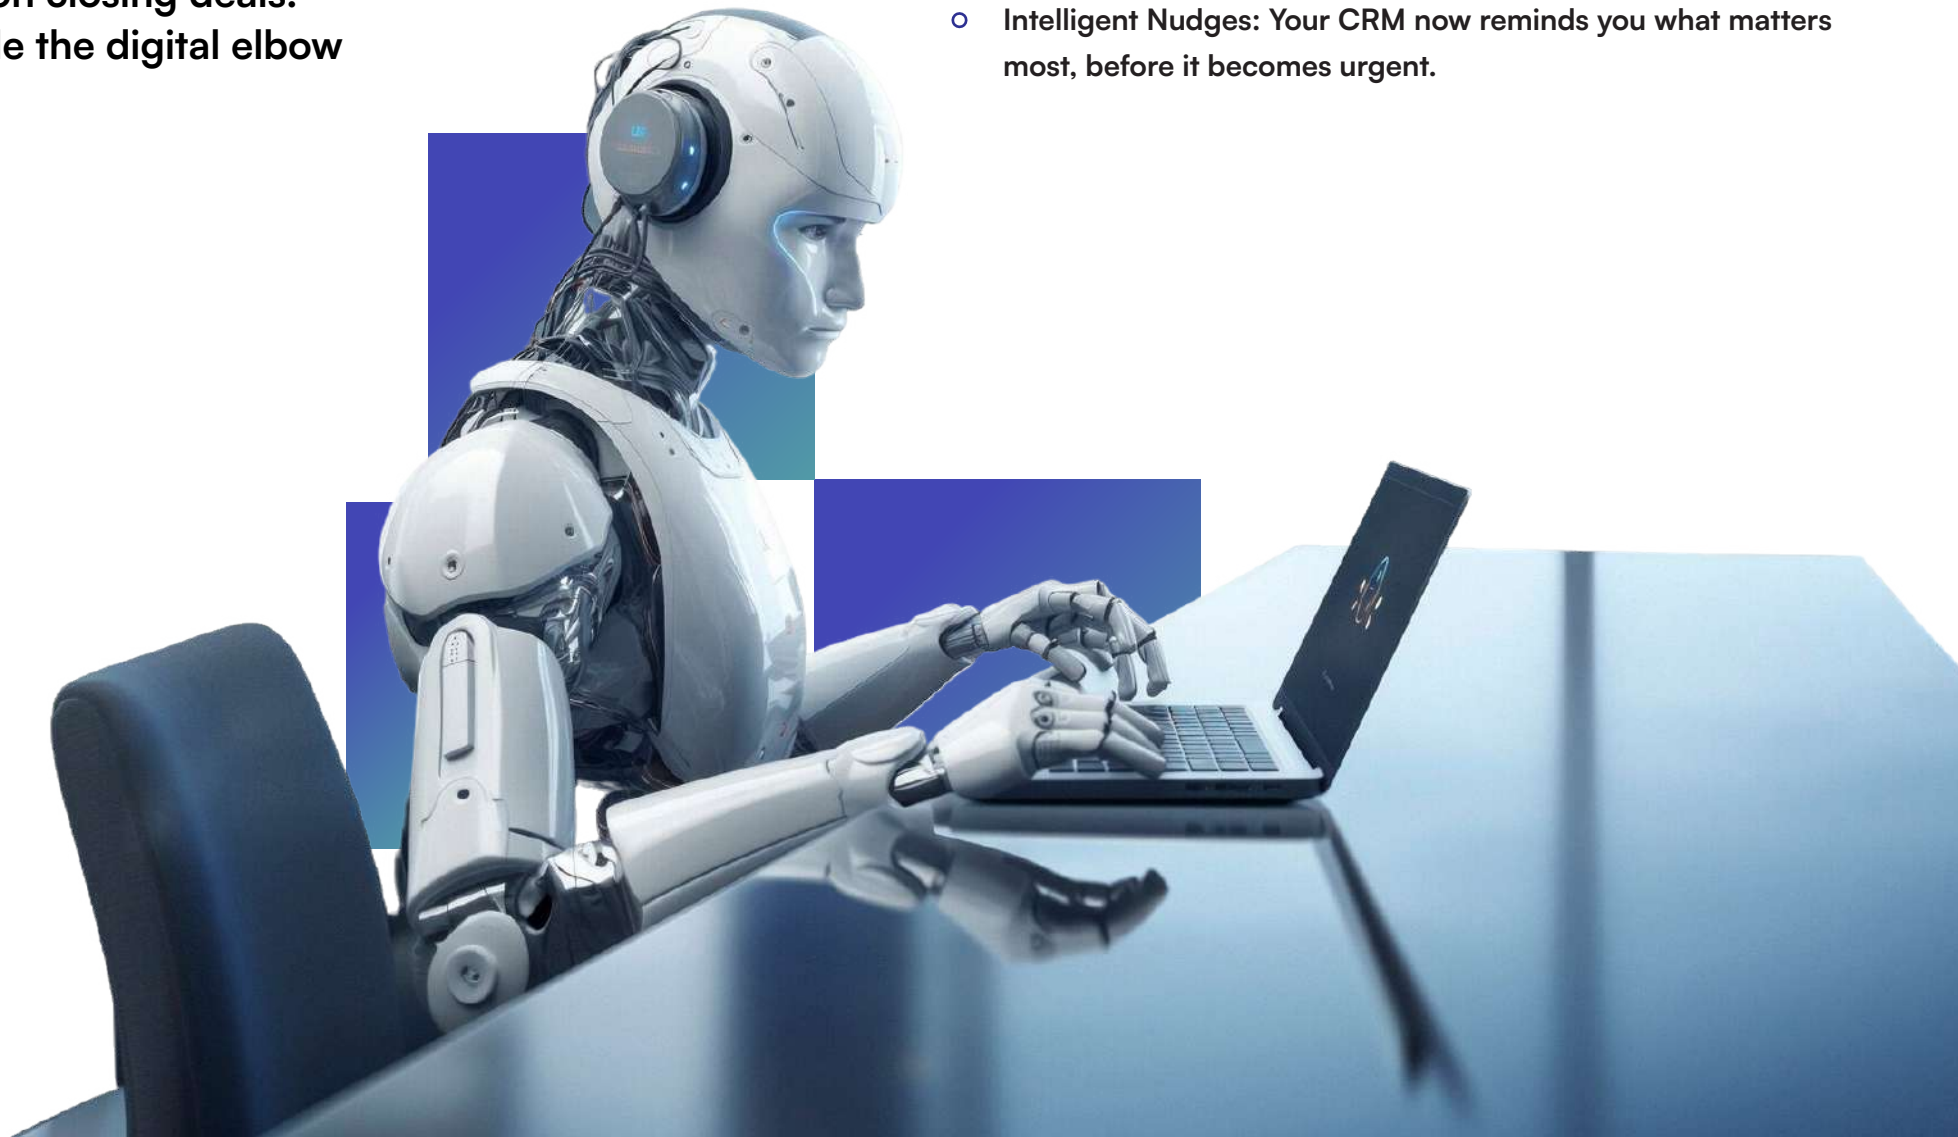

AI Isn't Taking Over Sales It's Helping You Win It

You focus on closing deals.
We'll handle the digital elbow grease.

We hear it everywhere: "AI is replacing salespeople." Our take? Not at SalezShark. We believe in AI that supports humans, not replaces them. This month, we rolled out a few power features:

- **Smarter Follow-Ups:** No more ghosting leads.
- **Auto-Sync Database:** Over 8 lakh+ verified business contacts updated monthly.
- **Intelligent Nudges:** Your CRM now reminds you what matters most, before it becomes urgent.

Shark Tip of the Month

“**Stop chasing.
Start nurturing.**”

One of our clients closed a B2B deal worth 20L INR using a SalezShark drip campaign that ran for 6 months. No hard pitch. Just helpful content, consistent engagement, and well-timed follow-ups.

Moral of the story? In sales, trust builds pipelines.
